## SUMMARY

I'm a passionate Software Engineering student who loves coding and tackling real-world problems through software. I enjoy learning new technologies and improving my skills in areas like algorithms and application development. I'm always excited to work on projects that challenge me and push the limits of what technology can do

## TECHNICAL SKILLS

HTML	JavaScript	Git
CSS	MySQL	GitHub
Tailwind	Firebase	Software Engineering Principles

## PROJECTS

- **Coding Platform Landing Page:** Developed an educational platform landing page using HTML5 and CSS3.
- **Interactive To-Do Website:** Built a dynamic To-Do application with HTML5, CSS3, and JavaScript, demonstrating core CRUD functionalities.
- **Responsive Quiz Website:** Created an interactive, responsive quiz using HTML5, CSS3, Tailwind CSS, and JavaScript, featuring score tracking.
- **Personal Portfolio Website:** Designed and coded a personal portfolio from scratch with HTML5, CSS3, and JavaScript to showcase web projects.
- **Web Development Institute Landing Page:** Crafted a professional and responsive landing page for a web development institute using HTML5 and CSS3.
- **E-commerce Product Page:** Engineered a dynamic E-commerce product page with HTML5, CSS3, and JavaScript, including interactive product displays.
- **Gym Tracker App:** Developed a Python application using MediaPipe to accurately track and count curls and squats.

## EDUCATION

### Bachelors of Software Engineering

September, 2022 - Present

National University of Modern Languages (NUML), Islamabad

- CGPA: 3.30/4.00

## ADDITIONAL INFORMATION

- **Languages:** Urdu, English.
- **Certifications:** "GDG NUML Campus's Bootcamp" of "GAME DEV" on "GODOT Engine."
- **Soft Skills:** Social skills, Communication, Teamwork, Presentation.
